Privacy Act 2020

Are you up to date with the new Privacy Act 2020 regulations? Hopefully you were able to join us for our recent Strategi webinar. You have also been emailed a toolkit to help you get your business up to date with the new regulations. Just remember this took effect 1st December 2020, if you haven't done anything yet....don't delay!

We appreciate our new partnership with Strategi who are providing this resource to our members.
